Program Description

This career-exploration program is for sixth- through ninth-grade students interested in pursuing careers in the veterinary or biomedical fields. Participants will have the opportunity to do **hands-on activities** in laboratories under the guidance of faculty, postdoctoral researchers, and graduate students.

Find out about exciting career options in the veterinary and biomedical fields through hands-on laboratory activities.

Participate in a panel discussion about career choices with role models from local veterinary practices or biomedical research laboratories.

Attend an informative session over lunch to learn which high school courses to take in order to pursue veterinary or biomedical fields.
